# CABLE RETIREMENT

Kenneth Cable, has been the president of Manhattan Christian College for the past 23 years. Mr. Cable's leadership and influence throughout his tenure has impacted every area of the college. Enrollment has doubled and the number of students graduating has more than tripled. Regional accreditation has been realized. Academic programs have been added. Financial stability and

acquisitions of properties for campus development have been achieved. Zoning for a Master Campus Plan have been approved by the city of Manhattan and new facilities have been constructed.

A 1958 alumnus, Mr. Cable is the sixth person to serve as MCC's President. For 42 years Cable has been actively involved in the life of

the college. He has always maintained a passionate heart for the college and is deeply committed to the idea of excellent Christian leaders multiplying themselves to produce more leaders for Christian service.

Thank you, Mr. and Mrs. Cable, for your many years of service.

## SERVICE - UNITY - DISCIPLESHIP

STUCO is a big part of MCC's campus. Through event planning, STUCO connects students with faculty, and keeps the campus together. Some of the events that took place this year were: the annual Barn Party, Winter and Spring

Banquet and Skip Day. The fun is spread throughout the year with smaller activities. The theme of STUCO this year was Service, Unity, and Discipleship. The STUCO officers did an excellent job of focusing on these things. Each class

held its own events to promote the theme as well. For example, the freshmen class held service projects and movie nights for the class. Thanks, STUCO officers, for making this year a success.

## ANNUAL SKIP-DAY!

Sleeping in, not having classes, and having tons of fun on campus is a day that is well deserved for students at MCC. Skip Day is an annual event that is sponsored by the SAC committee and is a day full of events for students to participate in rather than

go to classes. Some of the activities to participate in this year were: a basketball and volleyball tournament, a barbecue lunch, and rope swings in the afternoon. To end out the night there was a big Luau held out at a student-rented house. It was

the perfect setting with the sandy beach area and water. Students are already eagerly awaiting next year's Skip Day!

The weekend of Oasis is always an event that is highly anticipated by many high school students. Oasis is a weekend conference that is sponsored by MCC. It includes everything from praise and worship to hanging out in the dorms and being a part of that atmosphere. This year there

were over 800 students here from all over the Mid-West. There were youth groups from Colorado, Kansas, Nebraska, and Missouri. This weekend was a success and Event Staff helped make it a success. Event Staffers helped send out mailings, call people, and supervise the

weekend. They were there to answer questions and hang out with the students. They put a lot of work and time into making this weekend a success! Thanks, Event Staff!

## Proclaiming God's Love to His People

Five teams of students, faculty and staff took part in Kerusso Dayz 2005 over Spring Break. The five teams traveled to Caldwell, Idaho; Louisville, Kentucky; Sonoita, Mexico; Joplin, Missouri; and St. Louis, Missouri. Each person sacrificed

time, money and energy to help "proclaim God's love to His people" across the nation and into Mexico. Everyone came back excited about their trips and shared their ministry experiences in a chapel service. This is the fifth year that the Student

Development Department has encouraged students, faculty and staff to participate in Kerusso Dayz. Not only do these servants help others in need, but they spread the gospel through their words of encouragement and actions.

# SPRING BANQUET

## A Night At Sea

Spring Banquet is one of the few times where college students are able to dress their best and kick up their heels. It is an evening to get a date or invite a friend to have a nice meal and a fun time. This year's Spring Banquet theme was "A Night At

Sea." Everyone was greeted by our own pirate, Derek Slack as they entered Houston Street Ballroom. During the evening President Cable received a plaque from the student body for his 23 years as president of the college and six students received

this year's Spring Banquet Awards. There was also a table game, picture slide show, dancing and several students even got to take home a Beta fish.

# STUDENT-LED MINISTRIES

## *A Variety of Opportunities*

There are a lot of opportunities for students to get involved in at Manhattan Christian College. Many of these opportunities are student-led and make a big impact on campus. Opportunities include: A Different View, Unspoken Message, Prison

Ministry, Nursing Home Ministry, dorm functions, Student Council, Event Staff, D-Group leading, etc. These ministries help students develop leadership skills while having a lot of fun at the same time. Many of these ministries allow

students to fulfill their Christian Service requirements, but the biggest lesson learned is how to be an effective Christian leader.

# CHAPEL

## Time for Fellowship

Chapel is the highlight for many students each week. It is a time where students, faculty, and staff can all come together in Joliffe Hall and worship God. Most days there is a speaker, and other days it is 45 minutes of praise and worship time.

The speakers ranged from faculty and staff to youth ministers and pastors from around the country. Chapel took place every Tuesday and Thursday morning at 10:15. Worship was led by a variety of students. It was a time of fellowship

for everyone and wouldn't be replaced for anything. Communion was taken once a month and an offering was taken every week for different ministries. It was truly one of the high points for many.

## Spreading the word during the summer

Camp Team is a prestigious and long-standing tradition at Manhattan Christian College. Started in 1985, Camp Team has involved over 100 students throughout the years. The three teams this year will travel across the country including Kansas,

Missouri, Colorado, Iowa, Indiana, Illinois, Arizona, and California. Camp Teams minister to middle school and high school students as they attend Christian Service Camps and Christ In Youth Conferences. Students have to go through an

application and interview process to be selected to travel eight weeks during the summer promoting the college and most importantly spreading the Good News of Christ to teenagers.

## Making a difference through Service

Event Staff was one of the many organizations students could participate in on campus. To be on Event Staff was an honor and hard work as well. Around 20 students were involved in this ministry. This ministry required a student to

give up a lot of weekend time to participate in the activities that the Admissions Department organized. It was a great experience for both MCC students and the different church groups that got involved in these events.

Some of the events they helped at were Oasis, Timothy Days, and Bible Bowl.

# FREE TIME

## Time to Focus on the Fun

In the midst of the college students hectic lives they still tend to find the time to hang out. Whether in the Campus Center, outside, dorm rooms, Coffin Hall, or Joliffe Hall, they will gather in a number of different places to "chill." If there is anything that college students do

well, it is relaxing. Somehow, students seemed to find more time to unwind than for anything else. Some of the most popular ways to relax and get some exercise were to head to the slab for some basketball, play volleyball, or go in the Campus Center to play some pool.

Other students tend to find other extreme things to do such as video games, making snowmen, or rolling in the leaves during the fall.

*Never a dull moment!*

Many exciting things happen on MCC's campus. Students enjoy a variety of activities; everything from sleeping to slab-ball to movie watching. There is always something going on to keep things interesting. STUCO planned activi-

ties are a welcome diversion when life gets dull around campus. Students also find plenty to do hanging out with each other in the dorms. Nearby K-State has plenty to offer; from bowling in the Student Union to just wandering around the

large campus. The MCC Campus Center is a great place to hangout, eat, play cards, and relax.

# ACADEMICS

## *In the Classroom*

Most of the academic learning at Manhattan Christian College takes place in the classroom. Students have full schedules of classes which they attend on a daily basis. In the classroom is where professors share from their knowledge and experi-

ence. Many freshmen classes offer an overview of various subjects such as Old and New Testament Survey, while other classes offer more specific information for the various majors. In the classroom, students are equipped with the tools

they need to be successful in their future fields and to make a difference in the world.

# ACADEMICS

## Outside the Classroom

Though much academic work is done in class, most students spend an equal amount of time learning outside of the classroom. With a constant stream of assignments and projects, there is always something to do. Students are always looking

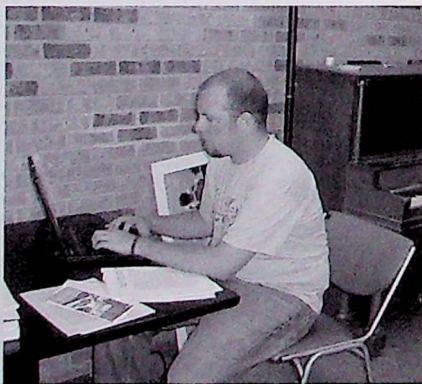

for new ways and places to study. A few favorite places to study were Java or Radina's, Hale Library, the Campus Center, and City Park. Outside the classroom, students utilize all the resources they have to do the best work possible. The

students also put into practice the valuable information they learn in class.

# LEAD PROGRAM

## Equipping Adult Leaders

Founded in 1994, the Leadership Education for Adult Development (LEAD) Program is a degree completion program designed for non-traditional students, mostly working adults, who desire to continue their education. The degree offered is a B.S. in Management and

Ethics. The program takes about 23 months to complete. Each year two sessions begin; one in the spring and one in the fall. The students travel through the program in cohorts. The program consists of a total of 16 modules. The classes meet one night a week, either on Monday or Tues-

day. A total of 120 hours is needed to graduate. Each year approximately 25-32 students graduate. Since 1996, 387 students have graduated from the LEAD Program.

# Woman's World

Left: Jolene Rupe takes a quick moment to welcome the women to the event.

Below: Cynthia Heald, the keynote speaker, shares with the women what it means to walk with faith in the real world and honor Christ with their lives.

## Denim to Diamonds

Woman's World has been a ministry of Manhattan Christian College since 1978. This non-denominational overnight event includes practical seminars, a dynamic keynote speaker, meals, worship and fellowship. Generations of families look forward to this retreat for a motivational break from the winter months and an inspirational spark to their daily Christian walk. This year at the annual event, 626 women came from all over the United States to join in the unity of Christ for a weekend. When this ministry began there were only 143 women in attendance. God has truly blessed this ministry and the women within. This ministry is successful, thanks to the hands of God, as well as the women of MCC, who always go the extra mile to make each year different and help the women attending the event feel special.

Woman's World was designed to encourage women in their spiritual walk as well as introduce them to the programming available through Manhattan Christian College. Jolene Rupe, the coordinator for Woman's World stated that this event is, "One of the best chances that MCC has to go outside the classroom and educate, equip, and enrich Christian leaders." She referred to the women who attend the event as "Traveling Sponges," women who come ready to learn and soak up all the knowledge possible. These are the women of yesterday, today, and tomorrow.

Above: Bethany Bates, Erin Fichter, and Lauren Heidebrecht are the 2005 Woman's World scholarship winners.

## Women's Volleyball

This year's volleyball team finished with a record of 6-17. This record, however, does not reflect the true athletic ability of the team. They enjoyed all the time they spent with each other and consider themselves a close-knit family. Their character, on and off the court, was noticed by the other teams within their conference.

They received a huge honor by being selected to win the Sportsmanship Award at Regionals. Coaches from within the conference nominate deserving teams and then vote on which team best represents what true Christian conduct should look like on the court. Congratulations, Lady Crusaders!

## Women's Soccer

MCC Women's Soccer program has impacted the future. . . MCC Women's Soccer is on its way. They came up with one more "W" than they have had in the last three seasons. The program is slow, but persistence, perseverance, and growth have started to pay off. They had a strong leadership core focused around three seniors; Melissa Blasing, Holly Helmers, and Una Henry. Yet again the main portion of the team was young. This team has

laid the foundation for great things in the near future.

The soccer program has its own fan club. Bethany Parker and her friends Elise and Ellana Terrill are MCC soccer #1 fans. These three were able to join the team on the sidelines during the Faith Baptist Bible game. The team was able to be an example of character and integrity even in the face of defeat.

This season against Tabor College, Coach Rick Wright received his 200<sup>th</sup> career victory. Rick Wright has been coaching for many years and keeps the soccer program growing through his hard work. Throughout the season the Crusaders worked hard and played hard. For most, it is not just a game. It is using the gifts and talents

that God has given each player for the Lord and for MCC. Each year the Crusader Soccer team strives to grow more and more as a team that will glorify God's Kingdom. Greg Klass, a freshman from LaGrange, KY received Conference and Regional MVP, and made First Team All-American. ## **Men's Baseball**

A new beginning for the athletic program in 2005 was a new baseball team. After many years of students wanting a baseball team, it finally became a reality. Although the team didn't win any of their games, they played very hard against many opposing teams that have been established for years. The team was led by head coach, Greg Schmidt and assistant coaches Matt Barnett and Kyle Rodell.

"The 2005 MCC Baseball season showed signs of perseverance and a bright future for the sport. In its inaugural season the team displayed talent, unity, and hard work despite their season of obstacles," Greg Schmidt said. The baseball program will continue to grow and recruit more students for MCC in years to come.
